BEST VILLA WEDDING VENUE  
SEMARA LUXURY  
VILLAS & FINNS  
BEACH CLUB

From celebrities to some of Asia's most glamorous and stylish events Semara Uluwatu's luxurious cliffside villa venue on Bali's southern bukit captures the crown as Asia's Best Villa Wedding Venue.

"We have many VIP events at our beautiful resort and more than 100 events have been planned for 2014 alone," according to Sally Belfield, Event Manager.

After successfully hosting former Miss Universe Jennifer Hawkins nuptials in 2013, Semara Uluwatu has established itself at the apex of Asia's elite event venues. With seven stunning villas, each featuring its own inimitable style and sweeping infinity ocean views, the result of independent architects and interior designers, there's a villa to match everyone's personality and sense of style. Moreover, each can be transformed into unique wedding venues.

While Semara Uluwatu's service standards are on par with the finest resorts in Asia it's their attention to personal details and degree of discretion they afford guests that elevates Semara Uluwatu above its peers.

"One of the reasons so many high profile people choose Semara Uluwatu is that we do not discuss any of the details of our clients. Villas are a more private and economical alternative to a hotel for families or groups of friends," says Belfield.
